2018 Sponsorship Package

What is the GOAL of AlterNatives' BG&B?

Throughout more than two decades of partnership with representatives of the White Mountain Apache Tribe, we have been privileged to direct resources to a number of programs supporting tribal sovereignty and individual agency. These have ranged from food security and sustainable agriculture education through N'dee Bikiyaa, the people's farm, to behavioral health programming and mentorship for Apache youth.

Beginning in 2018 we are supporting the new initiative "Apache Build," a green building program founded to provide sustainable and affordable housing in a manner directed by the community with resources and labor sourced from the community all while providing employment and skilled labor training to community members.

AlterNatives' Bluegrass & Brews (BG&B) 2018 aims to raise enough money by Saturday, May 12th, 2018 to fund the community training and construction for the first "Apache Build" structure on the N'dee Bikiyaa People's Farm.

Due to generous volunteers this will only cost us \$5000!
